EDUCATION :

B.S :

Department of Bioscience, Biotechnology, Kyungpook National University (2016.03 - 2022.02)

M.S candidate:

Department of Biomedical Convergence Science and Technology, Kyungpook National University (2022.03 - Present)

RESEARCH EXPERIENCES :

2021.07 ~ 2021.08 : Research Intern at Personalized Genomic Medicine Research Center, Korea Research Institute of Bioscience and Biotechnology(KRIBB)

2021.09 ~ 2022.02 : Undergraduate intern at Computational Genomics Lab, Department of Biomedical convergence science and technology, Kyungpook National University

PRESENTATIONS :

[Poster presentation] Jiin Choi and Hee Jin Cho, Transcriptomic landscape of immune system in brain tumors, KSMO International conference, SEP 1-2, 2022, Seoul, Korea

TOOLS and SKILLS :

Python, R, Linux, Bash

RESEARCH INTEREST :

1. Cancer genomics
2. Bioinformatics
3. Precision medicines
4. Artificial Intelligence
